CAREER OBJECTIVE

Computer Science graduate interested in Artificial Intelligence, NLP, and Data Science. Looking for an opportunity to contribute to innovative AI projects.

EDUCATION

B.Tech Computer Science

ABC Engineering College

CGPA: 8.82

TECHNICAL SKILLS

Python

SQL

Pandas

NumPy

TensorFlow

PyTorch

FastAPI

Docker

AWS

Git

Linux

Flask

Machine Learning

Deep Learning

PROJECTS

Resume Screening System

- Developed an AI-based resume ranking application.
- Used TF-IDF similarity and skill matching.
- Built a Streamlit web interface.

Sentiment Analysis

- Implemented NLP preprocessing.
- Trained text classification models.
- Evaluated model performance using F1-score.

CERTIFICATIONS

AWS Cloud Practitioner

Python Programming

Deep Learning Specialization

STRENGTHS

Leadership

Analytical Thinking

Team Collaboration

Time Management
